I have been recognized for my community service efforts on several occasions by the Ohio House of Representatives and Columbus City Council and I have been an award winning columnist for the Columbus Messenger Newspaper group. I am a lifelong resident of central Ohio, a [Columbus West High School](#) Cowboy and a graduate of the American School of Broadcasting and the [Hondros College](#) real estate program.

Married to Linda since 1991, I am a father and ATM to four children. Not one to color the world in shades of gray, I still believe in and live by the concepts of “good and bad” and “right and wrong”, and the allegiance to God, country and family that used to be the guiding principle for most Americans.
